

1347. Mishra, A.S. and Bhatt, P.N. 1988. Evaluation of officers training in soil and water conservation. *Indian J. Extn. Edn.*, XXIV(3&4):71-74.

The present study was conducted to evaluate soil and water conservation officers training of five and a half months duration conducted at Central Soil & Water Conservation Research and Training Institute, Dehradun twice a year regularly. The evaluation was aimed at knowing the perception of trainees about the sufficiency level of various subject matters taught in terms of their content, time devoted, field practical, knowledge gain and overall effectiveness.
