Mobile Application on “CIFTraining”

ICAR-Central Institute of Fisheries Technology, Cochin has developed an innovative Mobile Application christened as “CIFTraining” that provides a complete package of information on ICAR-CIFT Training programmes. This App is highly useful for the fisheries students, researchers, industry personnel, state extension personnel, fisheries based entrepreneurs, fishers and other stakeholders in the sector to access the online information at 24X7 times regarding different types of training programmes in the field of Fishing Technology, Fish Processing, Biochemistry & Nutrition, Microbiology, Quality control, Engineering and Extension & Economics. The “CIFTraining” Mobile App has embedded with a total list of 68 types of clientele based trainings programmes available in ICAR-CIFT, which contain 60 regular training courses along with 2 comprehensives, 3 specialized and 3 certified courses covering the themes of seven divisions. The “CIFTraining” mobile app will help the stakeholders to search the training of their interest and see the training programme details like course contents, course fee, duration, eligibility and other facilities at fingertips, so that the right stakeholder can opt for right training programme for improving the technical knowledge and skill in the concerned field.

GUIDELINES TO DOWNLOAD AND INSTALL “CIFTraining” MOBILE APP

- ⇒ Go to ,Play Store, in your Mobile, type “CIFTraining” or go to browser and open ICAR-CIFT webpage i.e. www.cift.res.in and tap on “CIFTraining” App file to download the App and notification will appear after downloading
- ⇒ Before access to the application, the user has to create an account by registering his/her mobile number, name, mail id and password. The mobile number and password can be used for ‘Log in’ purpose. This App will work only in android supported mobile phone.

CIFTraining

- ⇒ Next, open the downloaded App “CIFTraining”, install it and then open it. Now “CIFTraining” welcome page will appear, then press enter button. If you have already an account, then ‘Log in’ by using your mobile number and password. New user may sign up as per the details displayed on the home page.
- ⇒ After entering the mobile number and password, “Login success” will be displayed on the screen. Then it provides the information regarding the list of various training programmes available in the institute related to different divisions namely Fishing Technology, Fish Processing, Biochemistry & Nutrition, Microbiology, Quality Assurance & Management, Engineering and Extension, Information & Statistics.
- ⇒ Once, you select the training programme of your interest, using search tool bar in the top, then after entering, it will give full details of the train programme including course contents, course fee, duration, eligibility etc.
- ⇒ Once the training programme of your interest is finalised, then click on the register button for applying the programme through online registration mode. It will show application, after filling all the details in the mobile itself starting from personal details to course fee payment details including mobile number and email ID. Finally press the submit button it will reach the concern training cell of ICAR- CIFT for further processing.
- ⇒ At the bottom of the page, the payment details have been given for online payment or through Demand Draft or or if you have online banking in SBI savings account press click for payment button payment made through sbi-collect & select category - **technical testing & analysis fee** for registration of training.
