PREFACE

The present deliberation has been an attempt to develop important highlights in a tit bit form which are usually a part of all the agricultural universities examination systems. Biotechnology is an extensive science and demands extensive knowledge of several sciences. The present book entitled "**BIOTECHNOLOGY AT A GLANCE**" has been framed to fulfill the material requirement of students. The book written in simple language and lucid manner. Book envisages to provide update knowledge about various agriculture branches also. This book will be useful to those preparing for competition exam for ARS Services Examination. During examination period, a student often is encountered with lack of unique facts and figures and confusing type questions. This book will be of immense help for the students preparing for several competitive examination such as ARS, IARI entrance examination, Civil services and all the agricultural universities examinations. The authors wishes all the best for the students appearing in these examinations. Authors acknowledge several people and personalities who helped directly and indirectly in shaping the book in its present form. Authors acknowledge all the sources from which facts and figures have been drafted and in no way diminish their importance by taking away any credit due to them.

The help rendered by Dr. Brajendra, Principal Scientist, ICAR-IIRR, Hyderabad in framing of the book is thankfully acknowledged. However, we will consider our effort rewarded only if this book serves the requirements of the students preparing for different competitive examinations. Readers are welcome to point-out errors and lapses if any, and send their valuable suggestions for improving the quality of this book. It will be a privilege in inviting cooperation of all the faculty/students in removing any error in the book.
