

55. Ramanath, B., Hayavadana Rao, D., Prabhanjan Rao, S.B. and Verma, B. 1973. Climatic factors influencing agriculture in the low rainfall tract of Bellary in Mysore State. *Indian J. Met. Geophys.*, 24(2):153-158.

Climatic features of Bellary (Karnataka) region based mainly on the data recorded at the Soil Conservation Research Farm for the period 1956-69 are discussed. The short period rainfall data of the farm is compared with 100 year rainfall record of the Bellary observatory regarding amounts, distribution and monthly probabilities of occurrence of rainfall.
