Khybri, M.L., Gupta, R.K., Sewa Ram and Tomar, H.P.S. 1990. Tree field crop interaction under rainfed conditions in Doon Valley. Abstract, Internat. Symp. on "Water Erosion, Sedimentation and Resource Conservation", Dehra Dun, Oct. 09-13, 1990: 135.

The paper presents results of a study on tree and field crop interaction under rainfed conditions of Doon Valley. *Grewia optiva* (bhimal), *Morus alba* (mulberry) and *Eucalyptus* hybrid were tried alongwith crops in paddy (Akashi)-wheat (RR-21) rotation. It was observed that all the tree species had depressing effect on the yield of crops.
