

293. **Lakshmipathy, B.M. and Narayanswamy, S. 1956.** Bench terracing in the Nilgiris. *J. Soil and Water Conserv. India*, 4(4): 161-168.

Discusses the working and efficacy of bench terraces under the Nilgiris conditions. Authors *claim* that though the terracing is an expensive and laborious task, yet by the yield that the *farmer* gets in subsequent years, it is an economical and profitable proposition in the long run.
