

343. **Prabhanjan Rao, S.B., Ramanath, B. and Chattopadhyay, S. 1971.** M-35-1 *jowar*, a boon to rainfed areas of Bellary tract. *Sorghum Newsletter*, 14: 60-61.

The paper discusses the performance of M 35-1, an improved variety of *jowar* which fares well even in dry weather conditions. Better performance of M 35-1 could be attributed to its early maturing as compared to variety H-1.
