Pradhan, I.P. and Rajbans Dayal. 1981. Farm forestry in agricultural economy. *Indian For.*, 107(10): 665-667.

A study was conducted to evaluate the leaf litter production potentiality of *Babul* (*Acacia arabica*), Bamboo (*Dendrocalamus strictus*), Siris (*Albizia lebbek*), Teak (*Tectona grandis*) and *Eucalyptus* (*Eucalyptus* hybrid) at Soil Conservation Farm, Vasad (Gujarat). Economic evaluation of leaf litter as compared with compost and chemical fertilizers has been done.
