

747. Puri, D.N. 1989. Production potential of degraded lands with multipurpose trees- Multipurpose tree species research for small farms, strategies and methods. Proc. Internl. Conference, HNOU, Jakarta, Indonesia, Nov. 20-23, 1989: 184-190.

The strategy for action plan for small scale farmers based on the findings of CSWCRTI and its regional Centres has been presented. Tested plant material of multiple use trees and its compatability with the grasses has been identified. Simple, effective and economic planting techniques have been described. Economics of some planting combinations having trees and grasses have been presented.
