

**1068. Dayal, R. and Singh, A. 1972.** Floods-the menace and its control. *Farm Journal*, XIII(7): 9-10.

Seriousness, causes and preventive measures with regard to floods have been presented. The menace of the floods can be controlled to a great extent if proper soil conservation practice as well as good forest management is adopted. Corrective as well as preventive measures to control the floods are discussed.
