

- 1098. Sastry, G., Vishwanatham, M.K. and Nayal, M.S. 1986.** Landslide reclamation at Nalota Nala in outer Himalayas of Doon Valley. National Seminar on Wastelands Development and their Improvement, CAZRI, Jodhpur. In: Wastelands Development and their Utilization, Scientific Publishers, Jodhpur (1988): 194-207.

The paper gives an account of the nature and causes and factors responsible for the landslides at Nalota Nala located on Dehradun-Mussoorie road. It discusses, in detail, both protective and reclamation measures which include engineering as well as biological techniques to stabilise and reclaim the landslide area. It also emphasises the need of followup measures to contain the landslides.
