

- 1124. Katiyar, V.S., Dadhwal, K.S. and Dhyani, S.K. 1986.** Soil conservation measures in mine spoil stabilization. Proc. National Seminar on Wastelands, its development and utilization, CAZRI, Jodhpur, Dec. 11-13, 1986. In: *Wastelands Development and their Utilization*, Scientific Publishers, Jodhpur (1988): 226-236.

The paper discusses the background information on mining industry in India with particular reference to limestone quarrying in Dehradun and Tehri-Garhwal districts, and presents reclamation and rehabilitation measures undertaken at Sahastradhara mine spoiled areas. A detail account of engineering, mechanical as well as vegetative measures has been provided with the support of data.
