

1220. Arya, S.L., Agnihotri, Y., Mittal, S.P. and Madhukar, R.M. 1991. Multi-facet prosperity in Shiwalik foothill villages through Lab to Land Programme-An evaluation (in Hindi). *Bhartiya Krishi Anusandhan Patrika*, 6(3):117-123.

Lab-to-Land Programme was implemented in Bunga and Tibbi villages of Ambala district in Haryana state during 1984-86. The results indicate that there were increases in crop yields by 110 per cent in maize and 189 per cent in wheat. The programme also brought about favourable changes in dairy sector due to which employment opportunities increased considerably.
