

1350. Dhruva Narayana, V.V., Singh, R.P. and Mohin, A.N. 1989. CSWCRTI-An Introduction. Brochure, CSWCRTI, Dehradun, 24 p.

The brochure presents concised information with quite a number of relevant colour photographs which altogether make it an authentic as well as handy source of knowing broadly about Central Soil & Water Conservation Research and Training Institute, Dehradun and its Regional Research Stations located at different parts of India. It deals with, in nutshell, all important activities of the Institute in the areas of research, training and extension, its infrastructure and organizational set up. This attractive publication has been brought out mainly for the common visitors to CSWCRTI and its Centres.
