

Mithun festival in Kohima

DIMAPUR: National research centre on Mithun, department of veterinary and animal husbandry, Government of Nagaland and NABARD are jointly organizing a brainstorming session on "Strategies for propagation and augmenting productivity of Mithun in NEH region" at NRC on Mithun, Jhamapani, Medziphema, Nagaland on January 12.

Mithun Festival will also be organised on January 13 at Government High School playground, Kohima. In these events, many national and international-China and Bhutan research and extension scientists of animal science field are likely to participate, for discussing the achievements and formulating strategies for development of Mithun. There would also be an exhibition on indigenous livestock.
