

Pratap Narain and Dadhwal, K.S. 1990. Agroforestry practices and land use planning. *Growth, Development and Natural Resource Conservation*, 3: 191-199.

The paper deals with the agroforestry practices on non-arable and arable lands at Dehradun and elsewhere in the country. It also discusses other aspects of agroforestry such as its productive role, planning and designing for land use and various constraints experienced by the hill farmers in adopting the agroforestry system on their fields.
