

477. Singh, Gurmeh and Joshi, B.P. 1979. P-33 is a good substitute for Basmati. *Indian Farmers' Digest*, XII(4&5): 1-3.

Discusses the suitability of P-33, a rice variety, released by the IARI, New Delhi which was tried for 3-4 years under Doon Valley conditions. P-33 is an early maturing (120 days) and high yielding (45 q/ha) variety under irrigated conditions.
