

550. Tejuwani, K.G. 1981. Soil and water conservation in 1980's. Panel discussion on Soil and Water Conservation in Red and Black Soils, UAS, Bangalore, March 20: 14-20.

Giving a brief account of the history of the work done in the field of soil and water conservation research since 1952, the author mainly deals with the projections of soil and water conservation development programmes during 1980's on the basis of past achievements and new requirements. He stresses the need of taking up research, which should be problem solving.
