- 699.** Majmundar, S.K., Verma, B. and Samraj, P. 1965. A preliminary study on growth performance of different species of *Eucalyptus* in the ravine tracts Gujarat. *J. Soil & Water Conserv. India*, 13(1&2):1-7.

Eucalyptus camaldulensis (Bangalore), *E.citriodora* (Dehradun), *E.crebra* (Dehradun), *E.hybrid* (Bangalore) and *E.paniculata* (Dehradun) were tried under the agro-climatic conditions of Vasad (Gujarat). Early growth data indicated *E.camaldulensis* to be the best
