

1137. **Bhardwaj, S.P. 1985.** Operational watersheds and transfer of technology. Lead Papers, National Seminar on "Soil Conservation and Watershed Management" New Delhi, Sept. 17-18, 1985: 287-296.

Results of the operational watersheds undertaken by the CSWCRTI and its Research Centres have been highlighted. Different aspects of transfer of technology including task oriented resource surveys, motivation of masses, integrated plans, establishment of necessary organisational units at various levels and combining a number of land management systems

with land and water resource conservation measures have also been discouraged
