

- 1215. Agnihotri, Y., Mittal, S.P. and Agnihotri, R.C. 1983.** Production and protection through watershed management in Harijan Nada-A case study. National Symp. on "Watershed management for increased productivity in red and black soils", CSWCRTI, Research Centre, Bellary, Feb. 07-09, 1983.

Case study of a watershed management taken up in village Harijan nada in Haryana State has been presented in the paper in which protection of hills is going hand in hand with production from agriculture crops, vegetables and fruit plants. There has been 250 and 350% increase in production of maize and wheat.
