

- 1281. Agnihotri, Y., Mittal, S.P., Grewal, S.S. and Mishra, P.R. 1987.** Economic evaluation of water resource development in Shiwalik foothills. Abstract No. 26, National Symp. on "Land and Water Management in Ravines", CSWCRTI, Research Centre, Agra, March 19-21, 1987: 23.

The paper evaluates the net monetary benefits from increased crop yield, milk yield and fibre grass production for rope making as affected by water resource development at village Nada (Haryana) and examines the economic feasibility of such projects *vis-a-vis* cost involved. The evaluation shows that at Nada village the average income from crops increased
