

COVID-19 Mitigation Advisories for Fishermen Engaged in Fishing Operations

COVID-19 spreads through respiratory droplets

Infected persons release virus loaded droplets through coughs or exhaled breath.

Corona viruses can be inactivated by disinfecting surfaces with 62-71% alcohol or 0.5% hydrogen peroxide or 0.1% sodium hypochlorite

Ensure Hand Hygiene

Advise fishing crew to wash hands with soap and water or rub with alcohol-based hand sanitizer

Ensure Personal Hygiene

- Wear clean, protective clothes, masks head gear and gloves.
- Do not cough or sneeze or spit on Fish or ice.

Operate fishing which requires minimum crew

Avoid smoking, chewing pan, tobacco & spitting

Wash deck, fishing gears, and equipments with detergent or disinfectants

Screen for high temperature at entry

Make sure all the crews are healthy and do not have any flu like symptoms

Stay Alert

Stay Safe

Safe Fishing
