प्रस्तावना

उपोष्ण फल उत्तर भारत के मैदानी हिस्से के अधिकांश बागवानों की खाद्य, पोषण सुरक्षा तथा आजीविका संबंधी विकल्पों में काफी समय से सहयोग देता रहा है। इस परिदृश्य में विविध अवसर उत्पन्न होने के साथ–साथ अनेक चुनौतियाँ एवं बाधाएँ भी हैं। इस क्षेत्र में विद्यमान कृषि–जलवायुकी एवं इडेफिक कारकों ने यद्यपि बागवानी फसलों की विविधता को कम किया है किन्तु उच्च गुणवत्ता वाले उत्पादन के कारण इस उप–सेक्टर में लाभ एवं निरन्तरता बनाये रखते हुए उत्पादकों एवं उद्यमियों का उत्साह वर्धन भी किया है। उत्तराखण्ड राज्य में हाल में मौसम में हुई असमान परिवर्तनों ने बागवानी के संरक्षण, प्राकृतिक संसाधनों के सतत प्रयोग तथा संसाधनों के न्यूनतम क्षय की आवश्यकताओं की ओर ध्यान आकर्षित किया है।

केन्द्रीय उपोष्ण बागवानी संस्थान, लखनऊ, जिसकी स्थापना सन 1972 में भारतीय बागवानी अनुसंधान संस्थान के क्षेत्रीय केन्द्र के रूप में हुई थी, अब एक अंतर्राष्ट्रीय ख्याति प्राप्त पूर्ण विकसित संस्थान हो गया है। अपने तीन दशक के विकास के दौरान सी.आई.एस.एच. ने भारत के आम एवं अमरूद उत्पादकों के लिये अनेक किस्मों एवं किसानोपयोगी प्रौद्योगिकियों को विकसित किया है। संस्थान में अखिल भारतीय अनुसंधान परियोजना समन्वयन का मुख्यालय भी है जिसके कार्यक्रम देश के 18 केन्द्रों में लागू किये जा रहें हैं। संस्थान समस्याओं के समाधान के लिए शोध परियोजनाओं के पुनर्विन्यास पर बहु विषयक प्रयास के द्वारा ध्यान रखता है जिससे छोटे किसानों के मुद्दों एवं लाभ पर ध्यान दिया जा सके। 'सी.आई.एस.एच. पर्सपेक्टिव प्लान विजन 2050' में उभर रहे परिदृश्य, सहभागिता परामर्श, आर.ए.सी. टिप्पणियों, आई.सी.ए.आर. की अवधारणा तथा चर्चा में इनका मूल्यांकन किया गया है। इस अवधि के दौरान बुनियादी सुविधा, क्षमता बढ़ाने, टी.ओ.टी. प्रारूप तथा वैज्ञानिकों की संख्या बढ़ाने पर भी जोर दिया गया।

संस्थान वर्तमान समय में आम, अमरूद, बेल, आँवला, पपीता एवं कुछेक अल्पप्रयुक्त फलों पर विशेष रूप से जोर दे रहा है। संस्थान उत्पादकता बढ़ाने एवं किसानों के लाभार्थ समेकित खेती प्रणाली की दिशा में कार्य कर रहा है। साथ–ही–साथ गुड हार्टिकल्चर प्रैक्टिसेज एवं पर्यावरण सुरक्षा पर भी जोर दे रहा है। संस्थान अधिदेशित फसलों के गुणवत्ता वाले पौध सामग्री के उत्पादन के क्षेत्र में उच्च मानक स्थापित कर रहा है जो हाल के वर्षों में यह एक मुख्य उपलब्धि रही है। द्वितीयक कृषि तथा मूल्यवर्धन को भी जोर दिया गया है। मैं सभी सहयोगियों की प्रशंसा करता हूँ कि संस्थान के रहमानखेड़ा परिसर में तीन महीने से ज्यादा समय तक एक बाघिन के रहने के बावजूद उन्होंने उत्साह, धैर्य एवं आसक्ति के साथ अनुसंधान का कार्य किया। संस्थान का हम वार्षिक प्रतिवेदन 2012–13 प्रस्तुत करते हैं जिसमें निरन्तर किये जा रहे अनुसंधान कार्य की चर्चा है। संस्थान के सभी लोग, विशेषकर प्रकाशन समिति ने दस्तावेज तैयार करने में महत्वपूर्ण योगदान दिया है, अतः वे प्रशंसा के पात्र हैं। इस अवधि के दौरान माननीय सचिव, डेयर एवं महानिदेशक, भा.कृ.अनु.प., डॉ. एस. अय्यप्पन तथा उप महानिदेशक (बागवानी), डॉ. एन.के. कृष्ण कुमार द्वारा प्रोत्साहन एवं सुझाव दिये गये जिसके लिए संस्थान परिवार उनका आभारी है।
