

HEALTH ADVICE FOR FISH HANDLERS DURING COVID-19

Wash hands properly. Wet hands before applying soap. Apply the soap over hands and repeat this process for at least 20 seconds. Rinse the hands thoroughly and wipe using towels.

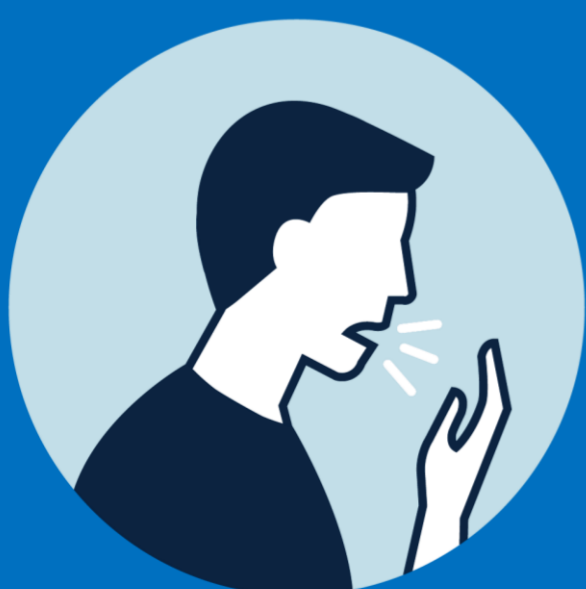

Always carry hand sanitizer. Use prudently when needed.

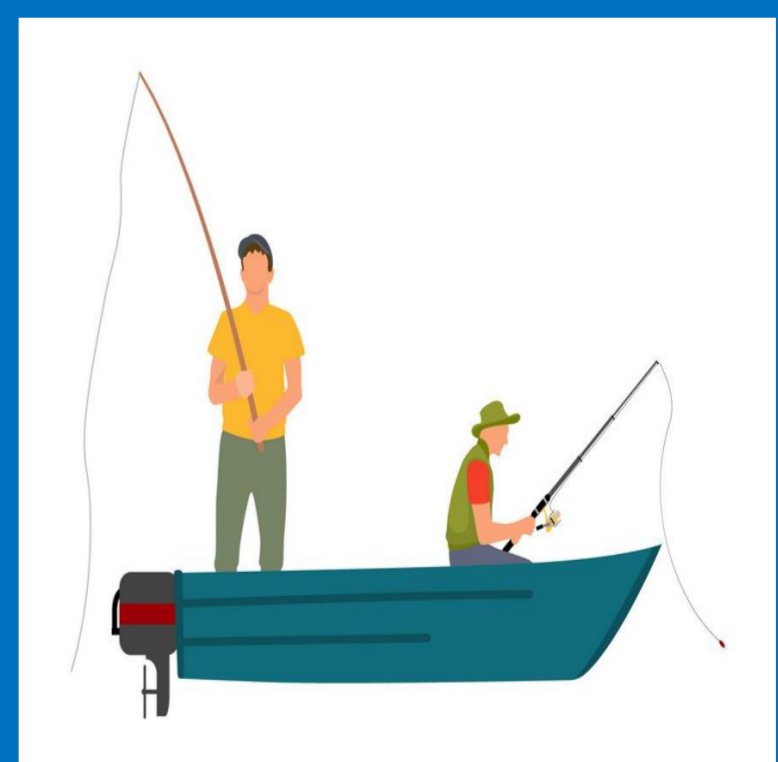

Wear mask properly. Avoid stepping out of house without wearing mask.

Touch eyes, nose and mouth only with washed hands.

Avoid crowds and fishing if you are symptomatic

During fishing ensure minimum crew members in the boat and also social distancing
